Section 2: Contributions

The Company will contribute an amount equal to 10% of your basic salary into Account 'A', subject to you also contributing 5% of your basic salary into Account 'B'.

You may also decide to make Additional Voluntary Contributions (AVC's) into Account 'C'. You can do this by entering the additional percentage of your basic salary that you would like to contribute in the box below provided that your total monthly contribution do not exceed 15% of your basic monthly salary.

I understand I will contribute the following percentage of my basic salary into the Plan.	In addition I wish to elect to make the following extra percentage contribution from my basic salary into the ISP*
5%	%

*Please note that this percentage will be taken in addition to the compulsory 5% that goes into Account 'B'

* The ISP has been established as a defined contribution savings benefits plan instead of the end of service gratuity (EOSB) which you might otherwise have been entitled to as employee of Qatar Airways.

Section 3: Sharia Investment request (You will be automatically invested in the Credit Suisse Qatar Short Duration Money Market Fund and you only need to complete this section if you wish to elect to invest in the default Sharia investments)

I wish to invest both my employer and my own individual contributions in the default Sharia Investment Fund -

By making this selection I understand that all my investments will be made to the Default Sharia Investment fund.

Section 4: Declaration

By signing below, I agree that future contributions to my account will be invested in accordance with the trust rules in the fund/s selected on this form, unless this instruction is superseded.
